NUMBER TWENTY TWO

ROBBERY BY FORCE CHARGED

Two negroes, William and David Webb of San Antonio, are being held in the Medina County jail on charges of killing a doe and robbery by assault. William, who pled guilty on the charge of killing a doe, was fined \$200 and costs.

The Webbs were hunting on the Archie Schuchart ranch at Rio Medina on Tuesday. The Schucharts, who were in their hunting cabin, heard a gun blast and Schuchart went out to investigate. He came upon William with the doe in his possession and was taking him back to the house when he heard Mrs. Schuchart screaming for help. While he was investigating the shot, David had circled the cabin and his being there had frightened Mrs. Schuchart. She took her gun and went out to question him because she said it appeared that he was going to enter the house. She asked him if he was lost and told him he was trespassing and asked that he walk toward the road with her to where her husband was. Before they had gone many steps, David lunged at her and tried to take her gun away from her. She says that she started screaming for her husband, and hanging on to the gun for dear life. In the scuffle, she was thrown to the ground and hit with such force that she almost lost consciousness. She says the gun was kicked out of her hands and then David had her gun and was running away. Her husband reached her after David had gotten away.

Mrs. Schuchart said that when she asked David for his name he had told her his name was "William," giving his brother's name. Schuchart held on to William until the sheriff appeared to take him into custody.

Mrs. Schuchart, who was under the care of a doctor, was able to give an account of her experience but she says it will be a long time before she fully gets over the shock and the scare she had.

David was caught in San Antonio Wednesday evening by Chief Criminal Investigator Oscar Warnerke of the San Antonio Police Force and Sheriff C. J. Hitzfelder. He is being held on a charge of robbery by assault.

HOT CHECK ARTIST CAUGHT

The milk of human kindness has curdled for Trucker S. C. Franks of Brownfield, Texas, so far as helping a fellow in need of a lift is concerned. Playing good Samaritan to Paul Douglas Morgan of Clyde, Texas who was down on his luck and needed a ride Franks picked him up on August 26th, fed him, and paid for his lodging in Hondo, and was rewarded by finding that a check amounting to over \$190, was missing the next morning and so was Morgan.

Upon checking further, he learned that Morgan had forged his endorsement to the check at the E. R. Leinweber Co., and had purchased a few clothes before vanishing from sight.

Morgan was apprehended in Abilene, Texas this past weekend, on a return jaunt from California, and was held until Sheriff C. J. Hitzfelder arrived Monday morning to bring him back to Medina County for trial. Morgan was convicted Saturday in Abilene on four charges of forgery and received three years for each of the charges. When Medina County finishes with him, he will have to answer to forgery charges in Roswell, New Mexico.

Morgan has served three different sentences in the penitentiary for forgery.

FIRE DESTROYS THREE ROOMS OF FARM HOME
RIO MEDINA—Fire destroyed three rooms of the Ervin Bourquin home on Red Wing Road on Saturday evening. Quick action of Mrs. Grace Kaufman in reporting the fire helped save furniture and several rooms.

The Bourquins were not at home when the fire started in the attic of the living room. It is believed that a short in the electric wiring was the cause of the fire.

About four miles from Hondo, on Highway 173, John Henry Boehle was waiting at his deer stand Monday morning for the first shot when a bobcat came

pussy-footing down the path toward him. John Henry lowered the boom and the bobcat lost his interest in the surroundings.

GET THOSE CHRISTMAS PACKAGES MAILED NOW

It isn't that Postmaster Harry Fillemann can't wait like the rest of us for jolly old Santa. But he'd be the happiest man in town if tomorrow were December 25.

Instead, there are still 35 days before Christmas, and nobody knows how many tons of Christmas cards and gift packages are yet to come.

"Our main problem right now," the Postmaster noted today, "is that too many people are waiting to mail everything at once. We know what's coming. But we don't know when."

Put yourself in the Postmaster's place. You're expecting packages. Big packages, little packages, neatly-wrapped and poorly-wrapped packages. Some insured, some registered.

There will be Christmas cards by the thousands. From past experience, you know that the job gets bigger and bigger each year. What would you do?

The Postmaster has worked out his own answer. He asks the public to cooperate, by following a few time-saving suggestions:

"Wrap and mail your gifts two or three at a time. Don't let them pile up on you now, or at the Post Office later. Begin with those to be addressed to distant states."

This year all parcel post going out-of-state should be mailed by December 5, for local delivery by December 15. Size and weight limitations now in effect vary according to destination. Ask about them when you visit the Post Office to buy stamps.

In some zones, for example, parcel post may not exceed 72 inches in length and girth combined and 40 pounds in weight, while in others the combined length and girth may be 100 in-

Holiday Requires Early News Copy For Next Edition

All correspondents and advertisers are requested to make special plans for an early copy next week. The Anvil Herald will be printed earlier than usual in order that distribution may be made on the proper day. The office will be closed along with most other Hondo business firms.

TEXAS FARM BUREAU DROPS "FEDERATION"

The largest general farm organization in the state henceforth will be known as the Texas Farm Bureau. The word "Federation" was dropped when the voting delegates to the 20th annual convention in Mineral Wells Nov. 9-11, adopted new by-laws to govern the organization.

The state Farm Bureau organization has been using "Federation" in its title since its affiliation with the American Farm Bureau Federation in 1939. Before that, it was called the Texas Agricultural Association.

100% PARITY GOAL OF FARM BUREAU

HIT-RUN DRIVER ARRESTED

Four cars were involved in an accident which occurred Sunday evening about 7:45 P. M. at the roadside park on Highway 90. An Allen Electric Company truck headed east, driven by Clarence Arvel Frazier of San Antonio, side-swiped the car driven by E. B. Renfro of Uvalde and sent his two children to Medina Hospital for emergency treatment.

Frazier failed to stop and continued on toward San Antonio. Conflicting statements as to the type of vehicle that had side-swiped the Renfro car, were cleared when a call from Castroville to the Highway Patrol at Boerne described the truck and driver. Highway Patrolman Bill Edge stopped Frazier at the Medina-Bexar County line. As he approached the truck on foot, Frazier started on again, and had to be stopped the second time.

Appearing before County Judge Arthur H. Rothe Monday morning, Frazier was fined \$500 plus costs and sixty days in jail for driving while intoxicated, and is being held on a felony charge for failing to stop and render aid.

Damage to the other two vehicles involved was minor, one receiving a broken windshield from a rock thrown back by the side-swiped car, and the other car receiving a slight fender scratch.

SERVICES FOR MRS. JUNGMAN HELD MONDAY

By Miss Anne Davis

Mrs. Sophia Mofield Jungman, age 84, widow of the late P. Jungman Jr., passed away at her home in Hondo at 10 A. M. Sunday, November 15, 1953, following a brief illness. Several weeks ago she had gone to Houston for a medical check-up and had returned to her home here the Tuesday preceding her death. Her two sons were called to her bedside when she became critically ill Saturday afternoon and were with her when she passed away. Funeral services were conducted at 4 P. M. Monday afternoon, November 16th, at Horger Funeral Home, with Reverend Louis Goodrich of Christ Church (Episcopal) of San Antonio officiating. Interment was made in Oakwood Cemetery. Dr. Thos. B. Knopp, George Dawson, Hugh H. Meyer, Roy Hartman, R. D. Burden, Milton J. Batot, Henry Windrow and Joe Martin Zinsmeyer served as pallbearers, and all the friends of the deceased were named honorary pallbearers. While there were many beautiful flowers expressing the respect and esteem in which Mrs. Jungman was held by those among her many friends who wish to commemorate her memory were requested by her family to make their contributions to their favorite charity or to the Anderson Cancer Foundation of Houston.

Surviving Mrs. Jungman are her two sons, Lt. Col. Arthur H. Jungman of the General Office of the Southern Pacific Railroad in Houston and J. Frank Jungman, prominent Houston businessman; two grandsons, young Frank Jungman, Houston attorney, and Robert P. Jungman, Houston; and several nieces and nephews.

Mrs. Jungman was born on September 11, about 1870 in Guadalupe County, Texas, a daughter of Henry Mofield and wife, Theresa Huebner. Mofield pioneer settlers of that county. She was reared in Guadalupe County and attended Houston schools. She married P. Jungman, Jr., member of an old and highly respected Medina County family, and part of their early married life was spent at LaCoste and near Langtry where Mr. Jungman was agent for the Southern Pacific Railroad. They moved to Hondo about 1900 and made this city their home the balance of their lives, playing important roles in the growth and progress of the town and becoming integral parts of the business, civic, educational, and social life of the community. Mr. Jungman (See JUNGMAN, Page 4)

Class 54-J Will Graduate Saturday, Nov. 21

Class 54-J, Hondo Air Base, will graduate Saturday, November 21, Lt. Colonel Samuel S. Williamson, base commander announced. Graduation exercise will be held in the base theater at 10 A. M.

Guest speaker for the occasion will be Lt. Colonel James R. Witt, a pilot and returned prisoner of war.

John Cape, vice president of Texas Aviation Industries, Incorporated, will present the highest academic awards to Aviation Cadet J. W. Dillard of Spartanburg, Ill., and to Aviation Cadet G. M. Westergaard, Denmark.

There are no officers graduating in Class 54-J and only five foreign students. Four are from Denmark and one from France. Altogether there are fifty-nine cadets who will receive certificates from Colonel Williamson.

Colonel Williamson and Mr. Cape announced jointly that the public is invited to attend the exercises.

Expand Beef Purchasing

Bonner Carl, former president of the Medina County Farm Bureau, was a member of the State Resolutions Committee which met in Mineral Wells November 5.

The Texas Farm Bureau held a state-wide convention there on November 9-11.

The Texas Farm Bureau has adopted a national farm program which is designed to alleviate the surplus problem and insure price stability in the agricultural industry. The plan will be recommended for adoption at the American Farm Bureau Federation Dec. 14-17 in Chicago.

The 504 voting delegates at the state Farm Bureau's 20th annual convention November 9-11 at Mineral Wells also recommended the "Continuance and expansion of the beef purchase program to a point of accomplishing stability at 100 per cent of parity."

Under the farm plan adopted at the convention, the percentage of tillable acres that are responsible for surpluses would be taken completely out of production. However, producers of basic commodities would still retain the right to exert control over their commodities, as they do now under the present law. A system of flexible supports, ranging from 75 to 90 per cent of parity, would be provided for the non-basic crops if producers favored marketing agreements for those crops.

Statistics show that the overall national over-production averages from 5 to 15 per cent. If, for example, the over-all surplus amounted to 10 per cent, then each farmer would retire 10 per cent of his tillable acres. To be eligible for supports, the producer would have to comply with a soil conserving plan for his retired acreage. Shifting of production from over-produced crops to those in short supply would be encouraged by the price support system. Thus, the plan would bring supplies in line with demand and also enforce good soil conservation practices.

The convention endorsed a compromise plan to amend the present cotton acreage law in the next session of Congress to increase next year's national cotton allotment from 17,910,448 acres to 21,500,000.

Delegates from 139 counties voted to continue supporting wheat at not less than 90 per cent of parity with acreage control and marketing quotas in effect. The Convention delegates recommended increased appropriations for an expanded research program, both at the state and national levels.

The delegates favored sending food and fiber, instead of dollars, to any country receiving U. S. aid where agricultural products are needed. The group also endorsed reciprocal trade agreements as a means of disposing of agricultural surpluses.

Speakers at convention included Allan B. Kline, president of the American Farm Bureau Federation; Senator Lyndon Johnson; Dr. Herbert E. Stotts, professor of sociology of religion, Cliff School of Theology, Denver; and J. Walter Hammond, president of the Texas Farm Bureau.

Miss Fayteen Peoples of Quail, Collingsworth County, was chosen Texas Farm Bureau Queen over a field of 11 other candidates.

The convention drew the largest crowd in the history of the Texas Farm Bureau.

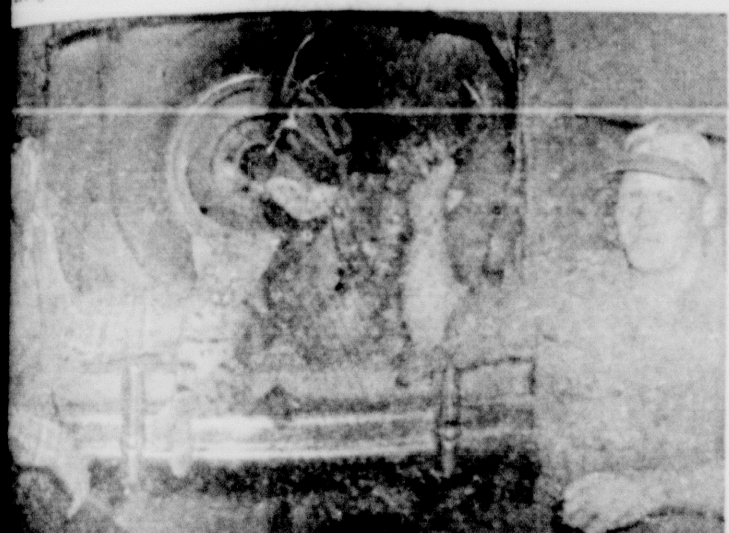

CAMP FIRE ANNUAL MEET SCHEDULED FOR DEC. 1

Final plans are being made for the annual banquet of the Medina County Council of Camp Fire to be held Tuesday, December 1, at 7:30 P. M. at the Hitching Post. Tickets at \$1.00 per person are now on sale and may be obtained from the Camp Fire girls or at the REA office in Hondo. Reservations must be made by November 24th.

The banquet is held each year in connection with the annual meeting of the Council, and parents of the Camp Fire girls and Blue Birds and other adults interested in Camp Fire work are invited to attend. In addition to a program to be presented, with a guest speaker, election of new officers, the Executive Board and Board of Directors for 1954 will be held.

Gordon Braden went to season into the Anvil Herald, an eight-pointer, weighing approximately nine-five pounds. He was about thirty feet away from the deer, had the usual buck fever, and had to shoot twice. He was in front of The Anvil Herald office at 7:30 A. M. waiting for the photographer.

second hunter to bring in deer to The Anvil Herald was Walter K. Mumme, whose eight-pointer, with one freak horn, weighed approximately one hundred fifteen pounds. He got his buck at 7:15 P. M. on the Fritz Nietenhoefer place, about ten miles out on the Bandera Road.

reason Jean Ulbrich is holding deer across the one his brother, Jackie, shot is just pure jealousy, we suspect. He not only did she get biggest buck, but she beat him by about ten minutes. Mrs. Haegelin place north of Hondo.

FLIGHT GLEE CLUB CONCERT GREAT SUCCESS

Concert sponsored by the Commander and Chaplain's Section of Hondo Air Base and given by outstanding 75-voice USAF Flight Glee Club from Lackland Air Force Base on November 17, 1953 at the Hondo High School Auditorium, was well attended and enjoyed by all. In addition to religious and musical chorals they sang spirituals, "Dark Water," "Had A Mother Like Mine," "Soon I Will Be Done," Robert Kampman sang a beautiful solo, "With A Song In My Heart," followed by Leonard Starlin singing of "Without A

JUNGMAN

(Continued From Page One)

was agent for the Southern Pacific Railroad in Hondo for 38 years and was a member of the General Managers Railroad Association of Texas for twenty-two years. During this period from 1915 to 1937, he and Mrs. Jungman spent a great part of their time in Austin, where they were temporarily domiciled at the Driskill Hotel. Her husband preceded her in death on March 9, 1937. She was also preceded in death by her parents, one brother and five sisters.

Both Mrs. Jungman and her late husband were active in the civic affairs of Hondo and contributed their efforts and financial aid to the promotion of its school and civic organizations. Mr. Jungman helped organize both the Hondo State Bank and the Hondo National Bank and served both as directors. He was instrumental in the organization of the Hondo Chamber of Commerce and his widow continued to be a member of that organization until shortly before her death. Mrs. Jungman helped organize the first parent-teacher group in the Hondo public schools, and served as the first president of the organization which was known as the Mothers' Club. She continued her interest in the school and city into her later years, and became a substantial contributor to the Hondo High School's first band in 1950. She was also the first citizen of Hondo to donate land to the City of Hondo for the purpose of widening Highway No. 90 through the city limits.

During her sojourns in Austin, Mrs. Jungman took up the study of art, and following the death of her husband devoted most of her time to painting and travel. She was commissioned to do many paintings for the homes of friends, specializing in scenes of the Southwest, and has a large collection of her original oil and water color paintings at her Hondo home. After her seventieth year, she traveled alone and extensively throughout the United States, Canada, Alaska and Mexico. She was an Episcopalian, and a member of the Order of the Eastern Star and the Royal Neighbors of America. She was also an honorary member of Gamma Upsilon Chapter of Delta Kappa Gamma, national organization of women in education.

Among the relatives and friends from out of town here for the funeral were Lt. Col. and Mrs. Arthur H. Jungman, Mr. and Mrs. J. Frank Jungman, Mr. and Mrs. Y. Frank Jungman, Robert P. Jungman, Mrs. Esther McKean, Mr. and Mrs. J. J. Donnelly, and Mrs. Bertha Hubboett, all of Houston; Mr. and Mrs. George McGonigle Jr., of Brownsville; Mrs. Annie Sauter, Mrs. George Rudes, C. C. Rogers, Jr., F. A. Bednark, Emil Jungman and Leonard Jungman, all of San Antonio; Mr. and Mrs. Alex Bohl, Miss Betty Ann Bohl and Mrs. Pauline Bihn, Devine; Mrs. Joe Martin Zinsmeyer, Mrs. Alfred Nester, and Mrs. Mark Coward of D'Hanis; Mrs. Otto Jungman, Alex Jungman, LaCoste; Mr. and Mrs. Fred Jungman, Mrs. Bernard FitzSimon, and Mrs. Edwin M. Jungman, Castroville.

John Poerner Services In Devine Monday

DEVINE—John Poerner was born at D'Hanis on March 27, 1886. He died at his home in Devine on November 15, 1953 at the age of 67 years. He was the third oldest son of Mr. and Mrs. Frank J. Poerner who came to this country from Germany.

In his early teens, when the Indians were still here and the country an open range, he worked as a cowboy for the Rothe Brothers at D'Hanis for nine years. In the year 1891, he settled in the Shookville Community where he was engaged in farming and ranching until 8 years ago when he moved to Devine.

He was married at Castroville on October 3, 1892 to Theresa Brieden who survives him. He is also survived by a daughter, Mrs. Paul Keller, and a son, Arthur, both of Devine; four grandchildren and ten great-grandchildren; two brothers, Joe and Ed of San Antonio; and three sisters, Mrs. Annie Schott and Mrs. Fred Jagge of Castroville and Mrs. Emil Leinweber of San Antonio.

Rosary was recited for him on Sunday evening at 7 P. M. at the Redus Funeral Home and Requiem Mass was offered Monday morning at 9:30 at St. Joseph Church by the Reverend Ralph Smith.

He was buried in the Catholic Cemetery. The funeral was directed by the Redus Funeral Home.

Pallbearers were four grandsons, Paul Keller Jr., Henry Benedele, Jr., George H. Briscoe, and C. H. Daniel, and Andrew Poerner and Judge Arthur H. Rothe.

St. Louis Comets To Meet LaCoste Nov. 21

By Gerald W. Kempf
CASTROVILLE — The St. Louis Comets are eagerly awaiting the annual tussle with their old rivals, the LaCoste Eagles. The grid battle will take place on Lions Field in Castroville Saturday night, November 21, and will be a climax to the St. Louis High School's fourth annual Homecoming Day Activities.

When the two teams met last year in LaCoste, the Comets upset the Eagles 19 to 0, to spoil LaCoste's Homecoming ceremonies. This year the Eagles are again heavy favorites as they have thus far won 9 games without a defeat. They have rolled up a phenomenal total of 348 points against their opponents 19, behind the superb running of Calvin Hutzler, Wesley Olivian, and Franklin Bohl. The Comets have a season's record of 5 wins and 3 defeats and have scored 160 points to 103 for their opposition, with most of these tallies being picked up by Harold Keller, who is at present on the injured list, and Halfback Mark Kempf.

A very large crowd is expected at the game so come early and get a good seat.

CROWDS ATTEND REV. WINDECKER TO BE HOMECOMING INSTALLED SUNDAY

LACOSTE — A large crowd attended the Homecoming and football game between LaCoste Eagles and Jourdan Indians here Saturday night. The score was in the Eagle's favor 27 to 12. The LaCoste Eagles next game will be with the Castroville Comets at Castroville Saturday, November 21st.

Christmas Seals Go On Sale Nov. 16

AUSTIN — More than a million and a half Texans in the next few days will find in their mail boxes the picture of a bright faced child bearing greetings for the holiday season.

Clad in green stocking cap, muffler, red mittens, an intent little caroler salutes the yuletide from the traditional Christmas Seals sent out by the Texas Tuberculosis Association in its one annual appeal for funds.

Recognizing the year round efforts of the TB associations to "help protect our citizens from tuberculosis," Governor Allan Shivers has designated November 16-December 25 as Christmas Seal Month.

In his official memorandum the governor took note of the threat tuberculosis poses to every Texan and urged all citizens to buy and use Christmas Seals.

"There is no known immunity to tuberculosis," Dr. R. G. McCorkle, president of the state-wide organization has noted in the letter accompanying the seals. But the San Antonio physician called attention to the role of Christmas Seals in developing the x-ray method for discovering the disease and in streptomycin which has proved powerful against other infections as well as tuberculosis. Christmas Seal funds support a continuous program of medical research, TTA officials said.

The singing child on the 1953 Christmas Seal joins a notable procession. Forty-seven designs have gone on the bits of gummed paper affixed by Texans to their holiday mail since the Christmas Seal originated in 1907. Funds they have brought in have helped find and obtain treatment for thousands of Texans with TB.

Proceeds from the current seal will finance the associations' program of prevention and control in 1954.

Owls Win Their Second District Game Friday

By Paul Holliday

The Hondo Owls scored their second district win Friday night with a 21-2 victory over the Pearsall Mavericks. The Owls' offense was led by the running of Johnny Morin and Monte Williams. The Hondo line played very well on defense throughout the game.

FIRST QUARTER

Johnny Morin kicked off to the Pearsall 10 and the ball was returned to the 32 yard line. After a 15 yard run around end to 47 the Owls recovered a Maverick fumble on the Hondo 47. Morin circled end for 8 yards and then Pearsall recovered a Hondo fumble on the 50 yard line. The Mavericks were unable to pick up a first down yardage and Scarborough punted out of bounds on the Hondo 11. Morin ran over tackle for yards and Butch Woolfs picked up 4 more yards over center for a first down on the Hondo 21. Williams recovered his own fumble for a 4 yard loss. Morin got 1 yard over center and then on a reverse Williams circled end for 14 yards and another first down. At this point the Owls lost the ball on a fumble on the Owls 29 yard line. Pearsall was again unable to gain and punted to the Hondo 9. Morin carried the ball three times for a total of 10 yards and a first down. Williams circled end for a 8 yard gain and Woolfs got a first down on a yard gain. Morin circled end for 3 but the Owls were penalized 5 yards for being off side. Glenn Schweers quick kicked to the Mavericks' 34 and the ball was returned to the 43. The quarter ended as Don Holt was thrown for a 1 yard loss.

SECOND QUARTER

On the first play of the second quarter Holt carried the ball around end for 17 yards. This put the ball on the Owls 41 yard line.

Southwest Upsets Wildcats By Slim 19-18

By Malcom Reeves

Coach Charles Koch's Wildcats met with defeat Friday night at the hands of the Southwest Dragons. The Wildcats played an exceptional game considering their lack of substitutes, and the number of main string injuries.

The Wildcats set up their first touchdown after a 45 yard drive and Nelson Bippert charged across center for the first TD. Bippert again scored in the second quarter when he raced around end for approximately 15 yards. William Hill tallied for the Dragons late in the same quarter.

Nelson Bippert went around again in the third period for pay dirt for the Wildcats final TD. Rosario Carillo scored twice for the Dragons and William Hill kicked one extra point. Outstanding players for the Wildcats were Nelson Bippert, Jarvin Stein, W. R. Sittre, Frank Schneider and Marlin Ray Stein. The Wildcats play their last game with Dilley November 26th at Castroville.

HOOTS DOWNED FIRST TIME BY PEARSALL, 26-7

By Paul Holliday

The Hondo Junior High Hoots lost their first game of the season Thursday night to the Pearsall Junior High team by the score of 26-7. The Hoots won the toss of the coin and elected to receive.

FIRST QUARTER

Richard Cantu kicked off to the Hondo 41 yard line and the ball was recovered by Pearsall. In 9 plays Pearsall scored their first touchdown, covering 41 yards. Chacon made the tally from the 2 yard line and R. Cantu ran over the extra point. Cantu kicked off to the Hondo 15 from where Larry Keel returned the ball 4 yards to the Pearsall 47 yard line. On the next play a Hondo fumble was recovered by Pearsall on the Hondo 41 yard line. Cantu passed 43 yards to Chacon for a first down on the Hondo 16. R. Cantu passed 11 yards to B. Cantu for another first down on the Hondo. 5. The Hondo defense held for 3 downs before Chacon crashed over for the TD with Cantu adding the extra point. The quarter ended on this play.

SECOND QUARTER

Cantu kicked off to the Hoots 5 yard line. Keel returned the ball to the 25 yard line. Pearsall was penalized 15 yard on the next play. Keel carried the ball around end for 16 yards and a first down on the Pearsall 44. Keel was stopped for a 2 yard loss. Alvin Hartman's pass to Keel was incomplete. Ray Highsmith gained 5 yards around end and Johnny Windrow punted to the Pearsall 10 yard line.

Pearsall took over the ball on the 10 and 8 plays later had the ball on the Hoots' 6 yard line. With first down and goal to go, Gerald Mann circled end for the touchdown. The try for the extra point was not good.

Pearsall kicked off to the Hondo 25 and Lasiter returned the ball to the Hoots 40 yard line. Hartmann threw two incomplete passes and Keel gained 6 yards over tackle. Hartmann passed to Wilbur Grell for 10 yards, but the half ended on this play. The half time score was 20 for Pearsall and 0 for Hondo.

THIRD QUARTER

Hondo kicked off to the Pearsall 20 and the ball was returned to the 34. Hondo recovered a Pearsall fumble on the 34. Highsmith circled end for 24 yards, and a first down. Keel gained 5 yards over tackle and then was stopped for no gain. On the next play Keel rammed over for the touchdown from the 9 yard line. Keel added the extra point.

Charles Tilley kicked off to the Pearsall 19 and the kick was returned to the 24 yard line. Two first downs moved the ball to the Hondo 49 where the Pearsall attack sputtered and Chacon punted out of bounds on the Hoots' 34 yard line. A 66-yard touchdown run by Keel was called back and Hondo was penalized 5 yards for backfield in motion. The Hoots were unable to gain and punted to the Pearsall 41 yard line. Being unable to gain Pearsall punted right back to the Hondo 19 yard line. Keel picked up 6 yards and Highsmith 2 yards, but the Hoots were unable to gain the needed yardage and lost the ball on downs. The quarter ended at this time.

FOURTH QUARTER

Pearsall took over the ball on the Hondo 25 yard line and was unable to gain a first down. The Hoots took over the ball on downs on the 22 yard line. Interference was called on Hartman's pass to Keel and this set up a first down on the Hondo 30. On the next play Mann recovered a Hondo fumble for Pearsall on the 30 yard line of Hondo. R. Cantu moved the ball to the Hoots' 18 on an end run and Chacon circled end again for the touchdown. The try for the extra point was not good. Cantu kicked off to the Hondo 20 and Keel returned the ball to

the Hoots' 40 yard line. Hartmann passed to Grell for 16 yards and this was a first down on the 44 yard line of Pearsall. Hartmann passed to Bohmfalk for 2 yards and Keel ran for 7 over tackle. Hartman threw two incomplete passes and Hondo lost the ball on downs on the Pearsall 35 yard line. In 6 plays, Pearsall moved the ball to the Hondo 31 yard line and appeared to be on the way to another TD when time ran out ending the game.

This was the Hoots' final game of this season. They finished with a record of five wins and one defeat.

Devine Colts Play Benefit Game For Fire Department

By Mrs. E. R. Littleton

Reduced Foreign Exports Hit Farm Program

Reduced foreign exports contribute directly to many of the present farm program problems, says John G. McHaney, assistant extension economist.

During periods of high agricultural production, overseas outlets provide a more complete market for a surplus food and fiber, McHaney says. Agricultural exports from this country hit a record 4 billion dollars in 1951-1952, but slipped to 2.8 billion during 1952-1953, a 30 percent drop. This decline is responsible for many surpluses and depressed prices, he says.

With world supplies high, a further decline is expected in wheat shipments abroad. The forecast for rice export is favorable, but little change is foreseen in other grains.

Cotton exports have dropped sharply in recent months. This is due, McHaney adds, to higher world production and lower competing prices in foreign countries. Short supplies of United States cotton abroad and some pickup in the textile industry, especially in Europe, suggests slightly advanced cotton exports next year. The consumption abroad of fats and oils is increasing, especially cottonseed oil.

World production last year of cotton, wheat, rice, corn, oats, barley, and fats and oils was high. Other countries, have less need for commodities produced in the United States and in some cases, the economist says, foreign countries can purchase from one another more cheaply than from this country.

The transition period is here, McHaney adds. Today's farmers are experiencing postwar adjustments that eventually had to come. "Adjustments now confront us squarely and we have to face up to them," he concludes.

Every one of us must daily, in the depth of his soul, realize how weak and helpless we are on our own—weak and how confident and strong we can be through God's strength: ours for the asking, through His mercy. Through prayer and righteousness we will know His presence, about and within us, and be joyously blessed.

Q Lord, be not far from me. —(Psalm 35, 22.)

BACK DOOR ENTRY

Refusal of the Texas Legislature to grant certain powers to the State Board of Examiners in Optometry should have ended the matter at least until the next legislative session. When the duly-elected representatives and senators of the people of Texas take favorable action, or deny by failure to take action, they do so in the name of the public.

Thus it is with astonishment and shock that the report came out of Austin Tuesday (Nov. 3) that the optometry board had ordered into effect a new set of regulations, embodying the American Optometry Association's code of ethics and rules of practice. It was the code and rules which the legislature had had under consideration and which the legislature refused to authorize.

The original arguments against the optometry control bill are just as valid today as they were in the heat of the controversy which developed during the session of the last legislature. The Times had objected to the bill because it undertook to run out of business all optometrists who did not conform to whatever interpretation the board might place on the rules and regulations. Some optometrists would be put out of business not because of any inefficiency or incompetence, but simply because they offered a type of competition that other optometrists would rather not face.

To these objections now must be added the manner in which the will of the people, expressed through the will of the legislature, has been circumvented. To accomplish their objective in spite of the legislative decision, the proponents of optometry control have slipped around to the back door, finding that the front door was barred. Their route is by way of the bureaucratic process and not the democratic process.

COUNSELS HIGH-UPS TO AVOID
AGGRAVATING PAST MISTAKES
BY ADDING NEW ONES

"Could slavery ever come back?"

The above question, in big bold-faced black type, captioned a recent article from the pen of Monsignor Matthew Smith and published in The Alamo Register of San Antonio.

Though the majority of the elderly native Southerners are only one or two—or at most—three generations removed from slave-owning ancestry, such a query is startling; startling not because of any fanciful anticipation that their ancestors' property rights are to be restored to those ancestors' posterity, but startling that such a question could be raised today.

Perhaps that was the purpose of the question—to shock his readers into attention—for in his second paragraph, he tops his question with a far more startling statement: "Today millions of the world's slaves are White."

It seems that there are, or have been, several types of slavery, and while the whites put an end to negro slavery—as our forefathers knew it in America—the white race, despite "a long and bitter experience in the past as slaves," has not yet eliminated the practice as among their own kind.

And as a part of the Monsignor's closing words we quote:—

"The Christian part of the world, except where it has fallen under the control of modern atheistic totalitarianism, thinks it has little reason to fear a revival of slavery; but there is danger, we all ought to realize. There is not much difference between belonging to a private master and being the slave of a blind force known as the State or the Party, which one must obey or perish."

"A man is perhaps more of a slave under the State or Party than he would be as the property of an individual. Russia today has three to five times as many real slaves as the United States had in 1860."

Thus we conclude that the purpose of the Monsignor's study of the slavery question was primarily to warn of the impending danger of that form of slavery incident and coexistent with the spread of "totalitarian atheism," a sound and timely warning, indeed, for one does not have to

leave our own country to see the certain and ominous trend.

Incidental to that purpose, the Reverend Gentleman has given us a commendably dispassionate discussion of negro slavery in America—the blackest—no pun intended—stain on all the pages of our country's history!

We touch briefly on some of the statistical data which he cites.

The first negroes were imported into Virginia in 1619.

These negroes, and others of their kind, imported at random until the practice was outlawed by the United States in 1808, were cannibals picked up by hook or crook off the coast of Africa by unprincipled traders—or worse, pirates—crowded into the unsanitary holds of slow moving sail ships and those who survived the horrors and cruelties of the voyage were peddled to whoever would buy at the seaports of America.

It is very easy to understand that only the most tractable would survive such a voyage and those who did must have arrived benumbed, half-starved and frightened into almost dementia over what was to them their undetermined fate.

Food and drink and a little show of mercy at the hands of the purchasers soon calmed their fears, won their devotion to their masters, and their numbers multiplied rapidly under their new manner of life.

At first all of the American colonies were a market place for these importees and in 1790, shortly after the Thirteen Colonies had become states, there were 697,624 negro slaves in America, and they were scattered throughout the entire area of the new Republic.

Owing to his place of origin and the nature of the industries of his new home, the negro proved more adaptable—and hence more profitable to his owner—in the South than in the North.

It is, therefore, significant, that the first revulsion to slavery sprang up in the North, where the service was least valuable, and as early as 1775, the anti-slavery agitation, that had begun nearly a hundred years before, crystallized into an organization in Pennsylvania.

Profitable as the system was in the South, the opposition spread even there and in 1826 there were 103 emancipation societies in the South to only 40 in the North.

At the same time that aversion to slavery was growing in the North, the slave population in the South grew by leaps and bounds—despite the half-hearted efforts of some well-meaning Southerners to return them to Africa—helped by the less squeamish Northerners who found it more to their liking—and profit—to "sell their slaves down the river" than to give them their freedom.

Though it had taken from 1619 to 1790, a period of 171 years for the whole country to accumulate a slave population of 697,625 the next 70 years, from 1790 to 1860, saw it reach the total of 3,953,760 in the Southern states alone.

Thus like all evils, the longer indulged the faster it grows until its own magnitude invites its own destruction.

We have seen, by the foregoing, how the institution of slavery, planted in Virginia first, found fertile soil in all the states only to eventually attain its greatest expansion in the more congenial atmosphere of the South.

Then came the 1860's and the institution was drowned in a flood of fratricidal blood that has no parallel in recorded history.

How the country as a whole survived, how the vanquished South recovered its economic and political stability and resumed its place in the union is likewise without historic parallel and each phase would afford material for many discussions more elaborate than this.

Suffice here to say that much credit is due to the "let-the-South-alone" policy inaugurated by General Grant, during his tenure as President.

And in view of the ethnological, biological and sociological problems left us as the aftermath of our forefathers' greed and lack of foresight, it would be well that our Supreme Court remember the fact that the best law is the natural law and being such should have precedence over all laws otherwise made, and its august body, would do well to follow General Grant's illustrious precedent.

And well founded as is Father Smith's concern over the fate of the Russians, it might serve him well to be reminded that there is need for much properly directed missionary work here at home.

We can not undo the mistakes of the past; all the more reason to avoid making more in the present.

D'Hanis FFA Boys To Enter Area VII Contest

D'Hanis FFA members last Saturday placed in all contests entered at the District meet at Hondo.

The Greenhand Quiz was won for the fifth straight time by a D'Hanis team. Joe Langfeld and Nemecio Ortiz had score of 94 and Othell Batto scored 88 out of a possible 100. Alternate Raymond Rodriguez scored 84.

The Chapter Conducting team made up of James Finger, Milton Schultz, Mike Finger, Harlan Wolff, Bernard Koch, Paul Lutz, and Advisor Wayne Cheney placed second. This is the first year D'Hanis has entered this contest.

A Farm Skills Team made up of Ray Rieber, Gene Koch and Richard Finger placed third in chapter division.

The Greenhand Skills team was made up of Jerry Burks, Pat Reyna, and Paulin Hernandez and placed fourth.

The Quiz team and the Chapter Conducting team will go to San Marcos on the 21st to enter the Area VII contests.

A. T. SIMS TO SHOW NEW TRUCK MODELS

A. T. Sims of the Sims Chevrolet has just returned from Houston where he attended a private preview of the new 1954 Chevrolet trucks. The exhibit and accompanying business session were sponsored by the company for all retail dealers and salesmen in this area and emphasized the importance Chevrolet is attaching to its soon-to-be-announced new truck line.

"The meeting was somewhat without precedent because it was devoted exclusively to new truck models," said Mr. Sims. "The reason soon became clear. The 1954 line contains so many new features that even a review of highspots required considerable time. Not only will Chevrolet have more to offer the truck user in 1954, but it will expand the forces behind its selling."

Mr. Sims said he plans to arrange a special showing of the new line in his dealership when the trucks become available for display later this month. It is one of the few times in history that Chevrolet has exhibited new trucks apart from new passenger car models.

Balanced Diet Is Needed For Happy Child

In speaking about the food requirements of a child enjoying maximum health, Dr. Geo. W. Cox, State Health Officer, emphasized the importance of a well rounded diet and stated that a healthy and well nourished child enjoys life because he is physically fit.

Stressing the importance to health of an adequate and well balanced diet, Dr. Cox stated further that when a child is in good health, his appetite is good, elimination regular and sleep is sound and untroubled.

"A child's appearance can usually help parents to judge the state of his nutrition. A well nourished child has good skin color and there is a moderate padding of fat over the bones and muscles of the arms, legs and body. Muscles are well developed and strong. Teeth are good and the gums firm and pink," Dr. Cox said.

That finicky appetite or a tired feeling after a little exertion indicates a possible malnutrition and the child should see the family physician. Poor appetite can also mean the beginning of an illness and possibly that the child does not require as much food as he is being urged to eat.

Required as a diet for the preschool child and those of school age, Dr. Cox included milk, fruit, vegetables, eggs, meat, fish or cheese, cereal and bread and added that cod liver oil and other vitamin preparations are important in winter and early spring but should be prescribed by the family physician.

2. CARD OF THANKS

Mrs. Allen Haby Gets 7-Pointer Monday Morning

By Mrs. J. D. Schweers
DUNLAY — Mrs. Allen Haby proved to be a modern Diana when she established her prowess Monday morning by bringing in a deer with the most points. The deer she shot had seven points. Elmer Biediger got a six pointer, Sterly Jagge, a four pointer. Ervin Biediger's buck had only three points but outweighed the others. Ready for cold storage, his deer weighed one hundred pounds.

M&M Joe A. Bader of Castroville attended the funeral of her uncle, John Poerner at Devine Monday.

Joe H. Steinle was a caller at the J. D. Schweers Monday evening.

M&M Harvey Haby and sons, Kenneth and Donald of SA, spent Sunday with his parents, M&M Allen Haby.

M&M Lawrence Tschirhart, Joyce, Charles and Gregory of Big Foot, spent Sunday with his parents, the Sam Tschirharts.

Mrs. J. D. Schweers entertained her neighbors with a quilting party Tuesday afternoon. Those present were Mesdames Louis Mehr, Sam Tschirhart, Wilfred Moehring, J. M. Horecka, Allen Haby, Elmer Biediger, and Walter Brucks. Little Shelia Biediger and Barbara Horecka accompanied their mothers. All enjoyed coffee and cookies after quilting.

Mrs. George Balzen, Mrs. Mary Weiblen, Mrs. Milton Balzen, Mrs. Elmer Saathoff and daughter, visited with Mrs. Lina B. Fuos, Wednesday afternoon.

M&M Hugo Balzen of Hondo visited with the J. D. Schweers Thursday evening.

A pleasant Sunday evening was spent at the Sam Tschirhart home. M&M Charles Bendele and son, M&M Franklin Bendele, Bobbie Bendele of SA, M&M Joe A. Bader and M&M J. D. Schweers talked of the days past and the present and to come. Mrs. Tschirhart served coffee and cookies.

Bobbie Bendele spent Sunday night with the Sam Tschirharts for an early hunt, but no luck.

Mrs. Joe A. Bader spent Tuesday and Wednesday with her son and family, the Clyde Baders and Brad, in SA.

Pvt. Joe Balzen of San Marcos spent the weekend with his parents, M&M Hugo Balzen, and Miss Erna Lee Bendele.

Ervin Biediger was in SA on business Sunday morning.

M&M Gus Houdman and children of George West spent the weekend with her mother, Mrs. Millie Jagge. The granddaughter, Lana, remained for a few days visit.

Stanley Jagge was the first of the twins to bag his buck, a seven pointer, Monday morning while

Natalia Churches Plan Community Thanksgiving

NATALIA—There is to be a community wide Thanksgiving service this year with at least four of the churches taking part.

At a recent meeting of the local ministers, this plan was decided upon and the service will be held at 10:00 A. M. November 26th at the high school building gymnasium, with the Presbyterian, Catholic, Church and Christ, and the Baptist Church cooperating.

Reverend Bud Engstrom, pastor of the Presbyterian Church, will bring the principal address, with all of the other ministers taking a part on the morning program.

HERE IN HONDO

M&M Fritz E. Weyerts of Alpine, M&M Milton Weyerts and Mrs. James Callihan of Uvalde visited M&M Willie Poehler on Thursday. Mr. Weyerts of Alpine said that their country is still very dry and bare.

M&M W. R. Patterson, Curtis, Linda and Ramona came up from Mrs. Patterson's folks, W. G. Poehler and family, and for Mr. Patterson and Curtis to be here on the opening day of the hunting season. Mr. Patterson shot a three pointer.

Mrs. B. A. Stuart of Baytown who has been visiting her daughter, Mrs. J. R. Duncan, for the past two weeks, returned home Sunday with her son and his family, M&M John M. Stuart. Other visitors were M&M A. S. Loeffler and Miss Nell Stuart, all of Baytown. Mrs. Loeffler and Miss Stuart are Mrs. Duncan's sisters.

Home for the weekend from SWTTC at San Marcos were Betty DeMontel, Larry Wright, Charles Fohn, and Bill Burch. Bill brought a friend home with him, John Cox.

Sterly got his Monday evening. S-Sgt. Myrlyn Balzen of SA bagged his buck Tuesday morning at his father's ranch.

M&M Franklin Bendele arrived in SA the past week from Norfolk, Va., where Bendele served in the U. S. Navy.

POCKET GOPHER © 1953 National Wildlife Federation

We judge Pocket Gophers more by their works than by what we see them do. In fact there are probably more persons who recognize the work of these rodents than would recognize the workers if they saw them. There are two genera of animals that go by the common name of Pocket Gopher. Each is characterized by having reversible fur-lined cheek pouches and enormous curved incisor teeth that are perpetually exposed.

In the genus including the western pocket gophers, Thomomys, the outer curved surface of the upper incisors is not grooved. In the genus Geomys, which includes the eastern pocket gophers, the outer curved surface of the upper incisors is grooved. This character is relatively easily observed in any animal which can be held in the hand. However it is not wise to attempt to hold a live Pocket Gopher of either group in an unprotected hand. Villainous injury can be caused by those gnawing teeth.

The gnawing propensity of the animals that spend most of their lives underground brings the wrath of many men down on their heads. The July, 1953 issue of the Journal of Wildlife Management contains an interesting article by Walter Howard of the University of California at Davis showing how underground cables are probably not safe from injury by these animals unless protected by something as strong as interlocked galvanized steel, and stainless steel .005 inch in diameter woven or hardware cloth with 1/8 or 1/4 inch mesh. The principal damage is to underground cables such as leads to railway signals, or switches, or to other buried cables. The ordinary insulation commonly used on such cables in the air offers little or no resistance to the Pocket Gophers.

Pocket Gophers of one sort or another range from the Pacific Coast to Florida and the Appalachians and from the prairies of southern Canada to Central America. They vary in size but a length of 1 foot with a 1 1/2 inch tail would be a good measurement. In addition to the conspicuous incisors, the animals are equipped on the front teeth with exceptionally well-developed claw that are useful in digging soil. The animals appear to be short-necked in contrast with some of the true gophers of the plains and they may be reddish brown sprinkled with black.

The tunnels are marked by fan-shaped piles of earth that have been excavated from the ground in making the tunnels. The food is largely plant material which may be cut and stored ordinarily in 2-inch lengths. The animals are solitary when compared with most gophers or with Prairie Dogs. An individual rarely ranges outside a quarter of an acre in a season. From 2 to 8 young of the genus Geomys are born in April. By September these have become half-grown and the family breaks up to live independent existences.

Pocket Gophers have many enemies including snakes, weasels and similar animals. Apparently they do not need drinking water to survive. The National Wildlife Federation is glad to call your attention to these animals about which relatively little seems to be known in comparison with what is known about some other wild animals.

Hondo F. F. A. Chapter Hears Revaldina Report

The Hondo FFA held their regular meeting on November 9th in the high school gym building. The meeting was called to order by the chapter president, John Brucks. A few reports were given. They were: Elroy Lindeburg gave a report on the chapter program of work for this year; Clyde Schulte gave a report on the soil judging contest that is going to be held in November on November 21; Glenn Schweers gave the treasurer's report; and, Wilbur Reitz gave a report on the Revaldina District leadership contest that was held in Hondo on November 7.

Sixty-three members and two guests attended the meeting. After the meeting was adjourned by the chapter president, the boys enjoyed eating ice cream.

Clear Contracts Avoid Dispute

Nearly every day all of us are
making agreements with our fel-
low citizens. Our whole system of
free enterprise and trade is based,
to a large extent, upon mutual
agreements or promises to do
something in the future. The im-
portant thing we need to re-
member is to make every agree-
ment perfectly clear whether it
is oral or written.

Generally speaking, you can en-
ter into a verbal agreement that
is just as binding as a written
contract. Consequently, the great
majority of contracts that we en-
ter into are never put into written
form. But exact terms of an oral
contract may be difficult to es-
tablish if a disagreement arises,
and a well drawn written contract
will help to avoid the unfortunate
disputes which arise from honest
misunderstanding.

Not every written contract
meets the test of clarity, how-
ever. Suppose Mr. Householder
has a piece of paper on which is
written the heading "Proposal"
and which thereafter reads as
follows:

"We will build a garage for you
on your lot for the estimated price
of \$800, work to be done in a
workmanlike manner. All of our
work is guaranteed to your satis-
faction. Subject to the conditions
printed on the reverse side."

This is signed by the XYZ Com-
pany. Under this signature is the
word "Accepted" followed by a
line for the signature of Mr.
Householder. His question is,
should he sign it?

Here are some of the misun-
derstandings that might arise
from such an agreement: The
company has agreed to build a
garage yet nothing is said about
the size or type of construction.
It has not even been stated whether
it is to be a single or double
garage. There is no indication in
the agreement as to where on the
lot the garage will be built. It
says nothing about when the work
is to be finished. There is no
agreement as to whether Mr.
Householder is to pay in advance,
in installments, or not until it is
completed.

Further, they have not actually
agreed upon a price. The agree-
ment refers to an estimated price
of \$800. They should be specific
and make either a fixed price
contract or an agreement where-
by the builder is reimbursed for
his expenses plus a definite profit
percentage. Perhaps the XYZ
Company feels that if their ex-
penses are higher than anticipat-
ed, they will be able to charge
more than the estimated \$800. On
the other hand, Mr. Householder
probably feels that \$800 is the
maximum price he will have to
pay.

The most important prerequi-
site of a clear contract is that it
cover the essential elements of
performance. This is not as dif-
ficult as it might seem. Here is
a good rule to follow: As to the
acts of each party determine what
is to be done, when, where and
by whom. See that these essen-
tial parts are included in your
agreement.

In addition, remember that if
a contract is worth signing, it
is worth reading and understand-
ing—all of it.

TIME OUT FOR

turkey

On the drilling rigs too, where crews operate
around the clock in search of oil or natural
gas, Thanksgiving calls for turkey—and a
thought for the good things of life... the
big things and hundreds of little things that
contribute so much to our well-being, com-
fort and convenience.

There's natural gas service, for example.
Many folks in the Gulf South take gas serv-
ice for granted, and yet they depend on it
round-the-year to do many of the big jobs
in their homes or industries.

Ever consider what goes into your depend-
able natural gas service... the tremendous
investments required to find and produce
natural gas; to transport it to your commu-
nity and distribute it to homes, businesses
and industries?

Yes, you have dependable natural gas serv-
ice... and you'll have it next year, and the
next... so long as natural gas is sold at
prices that justify the huge investments that
must be made to provide that service.

We think you'll agree, dependable nat-
ural gas service is worth every cent you
pay for it... and then some!

(That's T.T. Dynaflo!)

SOMETIME soon—like this week — you ought to try a Buick with Twin-Turbine Dynaflo.* You ought to try it just to be familiar with the great advance in this fully automatic transmission that Buick engineers have accomplished. You ought to try it just for the fun of bossing a drive where you don't do a blessed thing but steer and press the gas or the brake pedal as you go. But, pure and simple, you ought to try it for thrills. We mean the thrill of instant getaway response — with two

turbines doing the job that one did before. We mean the thrill of whisper-quiet acceleration — where you barely hear the sound of power build-up, or of flowing oil at work. And, most emphatically, we mean the thrill of perfect and sublime smoothness from start to stop — the thrill of moving from standstill to and through all travel ranges in one, progressive, infinitely smooth forward "carry" without a gear ever shifting or a clutch-pedal pushed — the thrill, rarely found elsewhere, of silky smoothness in deceleration, too.

Will you be our guest at a sampling of a Buick with TT Dynaflo? Will you try the sweetest, the smoothest and the simplest-to-operate automatic transmission yet devised — and powered by the highest-compression engines in Buick history, including the world's newest V8 in SUPER and ROADMASTER models? Drop in on us this week and we'll be happy to accommodate you.

First Deer Of Season

By Mrs. Jack Sharp
QUIHI — Deer season opened with a bang! First one reported to me was killed by Lee Beard — a six pointer! Others reporting luck in hunting were Henry Balzen and Mrs. Alfred Saathoff. M&M Wilfred Boehle and Karen Sue and Jonell Boehle of SA were weekend visitors of M&M Joe Boehle and Doris. Weekend visitors of M&M J. H. Schweers were M&M Charles Schweers of SA, M&M Louis Roundtree of SA. M&M Joe Boehle and Doris were Sunday evening visitors in Castroville.

Those enjoying a barbecue dinner with M&M Wilkes Wiemers on Sunday were S-Sgt. and Mrs. Glenn Duckett and children of SA, and M&M Clinton Martin and children.

M&M Jack Sharp were Sunday visitors of M&M O. B. Sharp at LaPryor.

M&M Fritz Hartmann and children, Judy and Royce, and M&M Clarence Dailey and Danny were Saturday evening supper guests of M&M Clarence Saathoff and children.

M&M R. J. Koch and sons, Mike and Kyle, of SA were Saturday visitors of their parents.

Lt. Leon Mangold flew in from Waco in his own plane to be here for the hunting season. He landed in Stanley Jagge's field. Leon is the son of M&M Leo Mangold and a grandson of M&M Johnny Schuey.

Mrs. Wilkes Wiemers and daughters, Doris, Joyce, and Judy, were Saturday visitors in SA.

M&M Melvin Balzen and children, Wayne and Jean, were Saturday evening visitors of M&M Arthur Wurzbach and sons, Robert and Clark.

M&M Milton Balzen, M&M Elmer Saathoff and Doris Elaine, and Mrs. Annie Weiblen were Friday evening visitors of M&M George Balzen.

M&M Clarence Dailey and son, Danny, were Sunday evening visitors in the Melvin Balzen home.

M&M C. J. Mangold and children, Ronnie Lee, Bonnie Dell, and C. J. Jr., were Sunday guests of M&M Leo Mangold.

Mrs. Herman Lindeburg, Mrs. Alfred Saathoff, and Mrs. Herman Gerdes attended a party in the home of Mrs. Louis Oefinger on Thursday afternoon.

Quite a number of our people attended the barbecue at the Quihi Gun Club Wednesday. The barbecue was sponsored by the Wild Life Association.

The Quihi Ladies Aid is sponsoring a cake sale at G & M Store Wednesday, November 21 at 8:30 A. M.

The Community Club met for the regular monthly social on Friday, November 13. Plans were made for the annual Christmas Party to be held on December 11. After the short business meeting pitch and "42" were enjoyed by six tables of players. Prize winners were: Mrs. Alfred Saathoff, Mrs. Clinton Wiemers, Mrs. Willie Brucks, Lewis Boehle, Jimmy Gray and Herbert Reitzer. Refreshments were served by Mrs. Robert Riff, Mrs. Alfred Boehle, Mrs. Clinton Wiemers, and Mrs. Jack Sharp.

M&M "Cap Wernette and children of Laredo were weekend visitors of her parents, M&M Henry Lindeburg.

M&M Ehme Saathoff and children, Emaleen, Loretta, and J. E. were Sunday visitors of M&M Harold Bohlen at Dunlay.

M&M Rolf Saathoff and children, Bruce and Connie, and Mrs. Edwin Boehle visited M&M Hubert Burger at Tarpley on Sunday.

Mrs. Arthur Schulte and Lonnie were Sunday visitors in the home of M&M Alfred Saathoff.

Willie Jean Saathoff visited Margie Lou Gerdes on Sunday. Frances Nell Gray and Dolly attended the football game in Hondo Thursday evening.

Mrs. Herman Gerdes and Mrs. Bill Snyder visited Mrs. Alfred Saathoff on Monday afternoon.

Former Hondo Priest Dies In France

One of the last priests to come from France died in retirement to the Archdiocese of San Antonio in his native country, October 25. He was the Rev. James M. Marsollier, 74, who had served in the diocese and later archdiocese between 1908 and 1943. He succumbed to an attack of malaria after suffering from the disease for four months.

The builder of St. James' in Gonzales, Our Lady of Grace Church in LaCoste and Blessed Sacrament rectory in Poth, Father Marsollier came to San Antonio to finish the final months of his studies for the priesthood at St. Anthony's Oblate Seminary. He was ordained in San Antonio by Bishop John A. Forest for the Diocese of Tucson, March 4, 1904.

After serving in Arizona for 4 years he returned to San Antonio for his health and was formally incardinated in the diocese in 1910. He first held assignments in Victoria and Gonzales. When he returned to France for a visit in 1914 he was detained there for five years during the course of World War I while he served as a chaplain.

Coming back to San Antonio in 1919 Father Marsollier served successively as chaplain at St. Joseph's Orphanage and as pastor in Columbus, Hondo, LaCoste, and Poth. He erected the present churches in Gonzales and LaCoste in 1912 and 1923, respectively, and the rectory in Poth in 1936.

After his retirement in 1943 Father Marsollier lived in Floresville until the end of World War II and then returned to France in October, 1946, where he resided with his sister, Mrs. Henry Renier in Segre.

Lee Infant Has Non-Contagious Type Of Polio

By E. H. Whittington
NATALIA—The little child of M&M Newton Lee, who was taken to the hospital in SA last week, has a non-contagious type of polio, according to doctors. Mrs. Lee is permitted to see her child for one hour only, each Tuesday and Thursday. Neighbors who are going in to SA on those days and could furnish transportation for Mrs. Lee, are asked to notify her on the day before, if possible. Mr. Lee has to use the family car for transportation to his work, and if Mrs. Lee goes with him, she will have to leave home at 5 A. M. and spend the day in SA only to be with her child one hour.

Reverend and Mrs. Clarence Ketch and three daughters came by for a short visit this last weekend while passing through on their way to Encinal to visit in the home of Mrs. Ketch's father, Reverend Ketch was pastor here in Natalia for sometime just prior to Reverend Strickland's coming on the field, for the local Baptist Church. M. Ketch is preaching in Lubbock, where he is completing his education.

M&M Amos Minton and their daughter, Wilda from Fay, Okla., came by for a short visit with the Charles Grubbs family recently, while en route home from a trip to Carlsbad Caverns in New Mexico, and a spin across the border at Del Rio into Old Mexico. These two families were neighbors in Oklahoma back in the 1930's before moving to this neighborhood. Both purchased land and built a home, the Mintons 1 mile south of Natalia, and the Grubbs 3 miles northwest, where they still reside; however, the Mintons moved back to Oklahoma after a few years in Medina Valley.

From where I sit ... by Joe Marsh

One for the Books!

Noticed the Missus had a red ribbon tied around her finger at breakfast one morning last week. "What's that for?" I asked. "Your memory slipping?"

"It's not for me," she answers, "it's to remind you, and everybody else who asks what it's for, to contribute to the Woman's Club Library Fund. We need \$200 and we figured we'd get more help if we could get people to ask us about it."

Well, as it turned out, the red ribbon worked just fine. The ladies are having the library all

fixed up—and there's enough money for some new books, too.

From where I sit, it would be a fine thing if we had some sort of private reminder when we forget the rights of our neighbors. Like when we start telling them what we think is best. I may like a travel book and a temperate glass of beer while you prefer a cup of tea with your historical novel. Let's both remember not to "put the finger" on the other!

HONDO OWLS

(Continued From Page 8)

Pearsall was unable to gain from there and punted to the Hondo end zone. Morin caught the ball and was tackled in the end zone for a safety and 2 points for Pearsall. Morin kicked off for Hondo to the Pearsall 35 and the ball was returned to the 46 yard line of Hondo. The Owls' defense held and Pearsall was forced to punt. Wilbur Lindeburg broke through and blocked the punt for the Owls on the Mavericks 32' yard line. Schweers threw two incomplete passes and was dropped for a 3 yard loss before he punted out of bounds on the Mavericks' 15 yard line. On the first play Pearsall's fumble was recovered by Monte Williams for Hondo on the Pearsall 22. Morin circled end for 17 yards and a first down on the 5 yard line. Morin picked up 3 yards and then made the touchdown on a 2 yard run over tackle. Morin then kicked the extra point. Morin kicked off to the Pearsall 20. The ball was fumbled and recovered by Pearsall on the 16 yard line. The Mavericks picked up a first down to their own 30 yard line. At this point the Owls recovered a Pearsall fumble on the Mavericks' 33 yard line. Morin gained 4 yards over center and Williams picked up 4 yard around end. Morin then picked up a first down on a 6 yard gain over guard. Monte Williams gained 15 yards and a first down on the Pearsall 3 yard line. Morin made the touchdown on the next play. Morin again kicked the extra point. Morin kicked off to the 20 and the ball was returned to the Pearsall 44. The Mavericks picked up a first down to the Hondo 44 and then were forced to punt. The ball went out of bounds on the Owls' 29 yard line. Morin was stopped for no gain and Woolfs made 3 yards over center as the first half ended. The score was 14 for Hondo and 2 for Pearsall.

THIRD QUARTER

To start the second half Pearsall kicked off to the Hondo 29 yard line. Glenn Schweers received the ball and returned it 65 yards to the Pearsall 15 yard line. Morin picked up 5 yard over tackle and Williams gained 7 yards and a first down on the Pearsall 3 yard line. On the next play Morin rammed over center for the touchdown. Morin again kicked the extra point. Morin kicked off to the 15 and the ball was returned to the Maverick 43 yard line. Curtis passed for 2 yards and then Gordon Braden of Hondo threw him for a 7 yard loss. On the next play Hondo was penalized 15 yards and the Mavericks got a first down on the next play. Pearsall moved the ball to the Hondo 29 yard line before losing the ball on a fumble. Morin plunged for 1 yard over center and Williams gained 5 yards around end. Schweers kicked to the Pearsall 39 and the ball was returned to the 48. Pearsall lost the ball on downs after being able to gain only 9 yards to the Hondo 37. Woolfs plunged for 2 yards over center and Pete Angermiller circled end for 2 more yards. Williams' pass to Richard Schulte went incomplete. Schweers' punt was returned from the 32 to the 40 yard line in Pearsall's end of the field. Monte Williams intercepted a Pearsall pass on the Hondo 49 yard line as the quarter ended.

FOURTH QUARTER

Williams circled end for 3 yards. Schweers carried the ball twice for 8 yards and a first down on the Mavericks' 39. Schweers passed to Woolfs for 6 yards. Schweers threw two incomplete passes and then punted to the Pearsall 10 yard line. Hondo recovered another Maverick fumble on the 11 yard line. Morin carried the ball twice for 6 yards but Hondo was penalized 5 yards for backfield in motion. Morin carried again for 3 yards and Schweers threw an incomplete pass. Pearsall took over the ball on downs on their own 7 yard line. Holt gained 23 yards in 3 tries through the Hondo line. Pearsall was forced to punt. The ball rolled dead on the Hondo 44 yard line.

Morin circled end for 3 yards. Williams ran over tackle for 3 more yard. Morin third down pass was incomplete and Schweers punted to the 20 yard line. The ball was returned to the 47 yard line. Pearsall was held to no gain on 3 plays but Hondo was penalized 15 yards. This gave Pearsall a first down on the Hondo 34 yard line. Pearsall was held to no gain and Hondo took over the ball on downs. Morin carried the ball around end for 7 yards as the game ended. The final score was 21 for Hondo and 2 for Pearsall.

The owls play San Felipe on Thursday night, November 19th, at Barry Field in Hondo. According to Superintendent Barry the date of the game was changed because Uvalde plays Del Rio on Friday night and the San Felipe people felt that facing the heavy traffic would add to the danger of the trip. Last year San Felipe changed their date for Hondo's benefit when Hondo was headed for bi-district play, and Superintendent Barry felt that it would be in the best interests of all to return the favor this year.
